| BtM - Arzneistoffe Fest | 7 |

Klassifikator: Arzneistoffe Fest

| Substanzname | Lateinischer Name |
|---------------------------------------|---|
| 4-Aminopyridin | Fampridinum |
| Adrenalinhydrogentartrat | Adrenalini tartras |
| Alfatradiol | 17-alpha-Estradiolum Alfatradiolum |
| Atropinsulfat | Atropini sulfas |
| Beclometasondipropionat | Beclometasoni dipropionas Beclometasonum dipropionicum |
| Betamethason-17-valerat | Betamethasoni valeras Betamethasonum valerianicum |
| Betamethasondipropionat | Betamethasoni dipropionas Betamethasonum dipropionicum |
| Betamethasondipropionat, mikronisiert | Betamethasoni dipropionas Betamethasonum dipropionicum |
| Betamethasonvalerat | Betamethasoni valeras Betamethasonum valerianicum |
| Budesonid | Budesonidum |
| Budesonid, mikronisiert | Budesonidum |
| Cannabidiol | |
| Captopril | Captoprilum |
| Chlorhexidindiacetat | Chlorhexidini acetas Chlorhexidinum aceticum |
| Ciclopirox-Olamin | Ciclopirox olaminum |
| Clindamycinhydrochlorid | Clindamycini hydrochloridum Clindamycinum hydrochloricum |
| Clobetasol-17-propionat | Clobetasoli propionas Clobetasolum propionicum |
| Clobetasolpropionat | Clobetasoli propionas Clobetasolum propionicum |
| Clonidinhydrochlorid | Clonidini hydrochloridum Clonidinum hydrochloricum |
| Cyanocobalamin | Cyanocobalaminum |

Klassifikator: Arzneistoffe Fest

| Substanzname | Lateinischer Name |
|-----------------------------------|---|
| Cyproteronacetat | Cyproteroni acetas Cyproteronum aceticum |
| Dexamethason | Dexamethasonum |
| Dexamethasonacetat | Dexamethasoni acetas Dexamethasonum aceticum |
| Ephedrinhydrochlorid | Ephedrini hydrochloridum Ephedrinum hydrochloricum |
| Epinephrinhydrogentartrat | Adrenalini tartras |
| Estradiolbenzoat | Estradioli benzoas |
| Estradiol-Hemihydrat | Estradiolum hemihydricum Oestradiolum hemihydricum |
| Estradiolvalerat | Estradioli valeras Oestradiolum valerianicum |
| Estriol | Estriolum Oestriolum |
| Ethinylestradiol | Aethinylestradiolum Ethinylestradiolum |
| Fampridin | Fampridinum |
| Finasterid | Finasteridum |
| Fluocinolonacetonid | Fluocinoloni acetonidum Fluocinolonom acetonatum |
| Fluocinolonacetonid, mikronisiert | Fluocinoloni acetonidum Fluocinolonom acetonatum |
| Gentamicinsulfat | Gentamicini sulfas |
| Harnstoff | Ureum |
| Hydrocortison | Hydrocortisonum |
| Hydrocortisonacetat | Hydrocortisoni acetas Hydrocortisonum aceticum |
| Levothyroxin-Natrium | Levothyroxinum natrii |
| Melatonin | Melatoninum |
| Methylprednisolon | Methylprednisolonum |

Klassifikator: Arzneistoffe Fest

| Substanzname | Lateinischer Name |
|---|---|
| Minoxidil | Minoxidilum |
| Mometasonfuroat | Mometasoni furoas Mometasonum furanicum |
| Natriumtetraborat | Borax |
| Neostigminbromid | Neostigmini bromidum |
| Norethisteronacetat | Norethisteroni acetas Norethisteronum aceticum |
| Octenidindihydrochlorid | Octenidini dihydrochloridum |
| Oxybuprocainhydrochlorid | Oxybuprocaini hydrochloridum Oxybuprocainum hydrochloricum |
| Palmitoylascorbinsäure | Acidum palmitoylascorbinicum Ascorbylis palmitas |
| Pilocarpinhydrochlorid | Pilocarpini hydrochloridum Pilocarpinum hydrochloricum |
| Prednicarbat | Prednicarbatum |
| Prednicarbat, mikronisiert | Prednicarbatum |
| Prednisolon | Prednisolonum |
| Prednisolon, mikronisiert | Prednisolonum |
| Prednisolonacetat | Prednisolinum aceticum Prednisoloni acetas |
| Prednisolondihydrogenphosphat-Dinatrium | Prednisoloni natrii phosphas Prednisolonum natrii phosphoricum |
| Prednison | Prednisonum |
| Progesteron | Progesteronum |
| Progesteron, mikronisiert | Progesteronum |
| Progesteron, mikronisiert 95% kl. 10 µm | Progesteronum |
| Progesteron, mikronisiert 99% kl. 20 µm | Progesteronum |
| Scopolaminhydrobromid | Scopolamini hydrobromidum |
| Spironolacton | Spironolactonum |
| Testosteron | Testosteronum |

Klassifikator: Arzneistoffe Fest

| Substanzname | Lateinischer Name |
|---------------------------|---|
| Testosteronpropionat | Testosteroni propionas Testosteronum propionicum |
| Tretinoin | Tretinoinum |
| Triamcinolon | Triamcinolonum |
| Triamcinolonacetonid | Triamcinoloni acetonidum Triamcinolonum acetonatum |
| Urea pura | Ureum |
| Vitamin B12 | Cyanocobalaminum |
| Vitamin-A-Säure | Tretinoinum |
| Xylometazolinhydrochlorid | Xylometazolini hydrochloridum Xylometazolinum hydrochloricum |

Klassifikator: BtM - Arzneistoffe Fest

| Substanzname | Lateinischer Name |
|-------------------------------|---|
| Amfetaminsulfat | Amfetamini sulfas Amphetaminum sulfuricum |
| Amphetaminsulfat | Amfetamini sulfas Amphetaminum sulfuricum |
| Barbital-Natrium | Barbitalum natricum Natrium diaethylbarbituricum |
| Cocainhydrochlorid | Cocaini hydrochloridum Cocainum hydrochloricum |
| Codeinphosphat-Hemihydrat | Codeini phosphas hemihydricus Codeinum phosphoricum |
| Dexamfetaminsulfat | Dexamfetamini sulfas |
| Dihydrocodein[(R,R)-tartrat] | Dihydrocodeini hydrogenotartras |
| Dihydrocodeinhydrogentartrat | Dihydrocodeini hydrogenotartras |
| Fentanylcitrat | Fentanyli citras Fentanylum citricum |
| Hydromorphonhydrochlorid | Hydromorphinonum hydrochloricum Hydromorphoni hydrochloridum |
| Methadonhydrochlorid | Methadoni hydrochloridum Methadonum hydrochloricum |
| Midazolamhydrochlorid | Midazolami hydrochloridum Midazolamum hydrochloricum |
| Morphinhydrochlorid | Morphini hydrochloridum Morphinum hydrochloricum |
| Morphinhydrochlorid-Trihydrat | Morphini hydrochloridum Morphinum hydrochloricum |
| Phenobarbital | Phenobarbitalum |
